11th ANNUAL

# Seed Catalog

of

VEGETABLE AND FLOWER SEEDS  
BULBS, PLANTS AND SHRUBS

*For Spring of 1926*

One of Our Aster Fields

---

## J. K. Rugowski Seed Co.

Manitowoc, Wisconsin

## INTRODUCTION

---

This is our 11th Annual Catalog which we feel proud to present to you, although small but brief in every respect. Those who have received our catalog in previous years are always looking forward when the time is there for distribution.

Our motto has been to furnish only such seeds as we would want for our personal use, which is always the best. As we have had many years of experience it would not do to induce you to buy inferior seeds or bulbs. Most of the seeds and bulbs that we list are of our own growing therefore we can assure you of getting such stock that has satisfied us.

This season again we are going to be real generous. With every package of seed—5c, 10c, 25c—per package, we are going to give you a **GLADIOLUS BULB FREE**. No matter how many packages you order; but to cover Extra Postage add 10c for mailing to your order. Many of these bulbs are worth fully as much as the seed alone. We grow these bulbs ourselves for just this purpose. If we were to buy them to give away we could not do this. This is giving you the middleman's share of profit. **FREE GLADIOLUS BULB WITH EACH PACKAGE OF SEED.**

Get your friends to order with you.

After you have finished with this catalog give it to your friend.

I thank you,

J. K. RUGOWSKI.

**FREE—Gladiolus Bulb with Every Package of Seed**

## **IMPORTANT--Read This Page**

Our reputation has been built by furnishing seeds of the best quality as to purity and germination. And we will keep up doing so.

We are in a position to furnish good seeds at as low price as any reliable house. But do not care to compete with those offering inferior stock.

### **Grow Your Own Vegetables and Flowers**

Let us impress this on your mind and if you will follow these directions you will have the best garden you ever had. Don't simply say you will, you must not make the same mistake you have always made, and have seen your parents or neighbors make. Take this for granted or you will be again disappointed in the fall. We cannot say this harsh enough for we have had people working for us in our own gardens who have seen the way of doing things, and positively knew that it was the best way to have the best crop, who would in their own garden follow their old customs and then in the fall tell us their garden was a failure. So we say, after you read this, and follow your own way you will also have a failure. There are only a few good points to remember that can be easily followed regardless of space you have or time. By following our directions you will find space enough and save a lot of time. Just read over carefully and follow them as we direct and you will thank us in the fall.

### **Good Seed, Good Tillage, Good Plant Food**

**Good Seed** is always the best for a good garden. It can never be too good. If you want cheap seed, many dealers have this, which is not reliable. We advise always to get the best which is cheapest in the end.

**Good Tillage** is as important as good seed, for if you sow good seed and neglect to work your garden you would be just as well off by buying cheap seed, you would at least save the difference in the price, for you cannot expect the best of seed to produce a good crop unless you will work your crop.

**Good Plant Food.** This is one important point in a garden. You must see that there is plenty of available plant food, and without this it is impossible to grow a good crop. For plants have life and must be fed with the best of food to make a quick growth, same as all living beings. and where there is life there must be food. Just compare a small plant to your baby and to the small animal which you would see growing. If you deprived your baby of good milk and would not keep it clean, it would look sickly, but if you keep it clean and give it the best of food it will always be healthy and have a smile and not look sickly. So good plant food is absolutely necessary to grow a good, healthy plant, also plenty of Tillage to keep it clean of weeds, and to get all the fresh air the roots can get. This is done by stirring up the soil at all seasons.

### **Plant Orders**

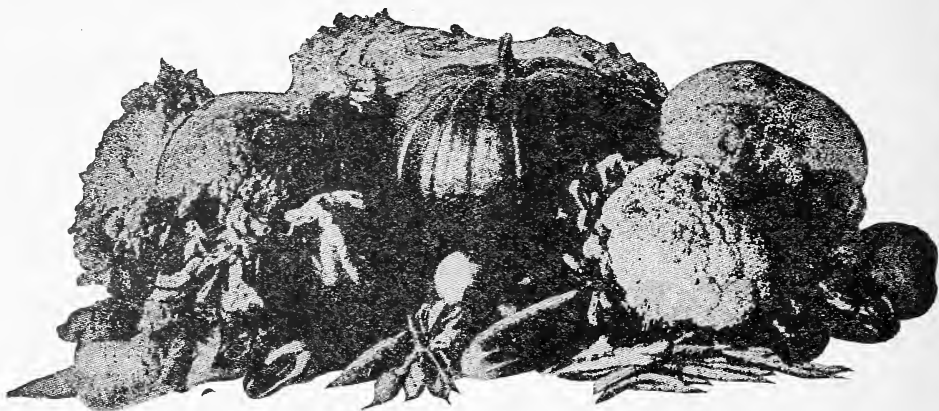

This is very important that you place your plant order now. You are sure to get your plants at the right price, right time, and the right kind of plants. If you wait until planting time you are liable to take what is left, as many were left without getting plants at all last year.

We are booking orders now, for all kinds of Vegetable and Flower Plants. (Look up plant list), before mailing your seed orders. Our prices are right and we guarantee our plants to give satisfaction. We raised millions of them but run short last year—So Order Early.

We are better prepared than ever to furnish plants this spring with two greenhouses and numerous hotbeds. We will be able to take care of your order at the right time, and right kind of plants at Lowest Prices.

Your order cannot be too large or too small. If you have done business with us before you will do it again. If not give us a trial and we will please you.

**J. K. Rugowski Seed Company**  
**Manitowoc, Wisconsin**

# Vegetable Seeds

While we guarantee that all our seeds, plants and bulbs will grow and produce good crops when planted under favorable conditions, we give no warranty expressed or implied, as to the description, quality, productiveness of any goods we sell, nor will we be responsible for the crops. The purchaser must, therefore, accept goods ordered from us under these terms, or no sale is made.

Beloit, Wis., Sept. 16, 1925.

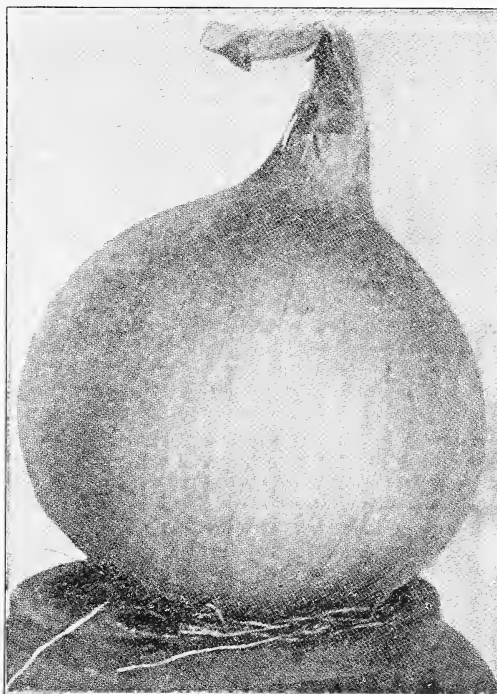

J. K. Rugowski Manitowoc, Wis.

Dear Sir: I am going to take just a little time but a lot of pleasure in mentioning the fact that I had excellent success with the Asters I raised this year from the seed I bought from you last spring. I sent a box of Asters to Sedalia, Mo., just at the time of the Missouri State Fair and I was told they had anything outclassed that was there. So I feel proud of my success and hope you will send me your catalogue this year again.

Yours,

E. I. GILMAN,  
726—11th St., Beloit, Wis.

## Novelty Gladiolus

- No. 1. MISS CORNELIA RUGOWSKI.** Very soft flesh pink. Very early choice of all. Each \$3.00, Per Dozen \$30.00.
- No. 2. NIAGARA No. 115.** Very tallest and largest bloom of any Gladiolus. A good yellow with lavender shading. Each \$2.00, Per Dozen \$20.00
- No. 3. PROF. GEO. URBAN.** Very large and tall, creamy yellow with orchid shading. Comes with 20 to 24 blooms on a single spike. Each \$2.00, Per Dozen \$20.00.
- No. 4. SISTER HORTENSE.** Pure white with small lavender throat (Lacinated). A new type in Gladiolus. (See cut in catalog). Each \$3.00, Per Dozen \$30.00.
- No. 5. CANNAGLAD.** Very best scarlet red, resembles the King Humbold Canna. It opens up around the spike—very rare. Each \$1.00, Per Dozen \$10.00.
- No. 6. ANITA FEUERPFEL.** Creamy lavender, clear shade, early, opens with many blooms. A good multiplier. Each 50c, Per Dozen \$5.00.
- No. 7. MIRRO.** Pure white with five distinct lavender marks on lower petal. Very long, straight spike. Each 50c, Per Dozen \$5.00.
- No. 8. MRS. J. E. HAMILTON.** This Gadiolus has all the features of Mrs. Frank Pendleton but its blotch is lavender on a white base. Very catchy color. Each 50c, Per Dozen \$5.00.
- No. 9. NIAGARA No. 30.** This is a good varigated color in the light shade. It opens up all its blooms up to the top. Long spike and good keeper. Only a limited amount to offer. Each 75c, Per Dozen \$7.50.
- No. 10. WAR No. 67.** Very odd color. Resembles a butterfly of a large size—a real novelty. Each \$1.00, Per Dozen \$10.00.
- No. 11. REV. FRANK NONA.** Light yellow, very large, at least 4½ feet tall. By ordering this variety you are doing a charitable act, as the proceeds go to Rev. Frank Nona, an invalid. Each \$2.50, Per Dozen \$25.00.
- No. 12. NIAGARA No. 99.** This wonderful Gladiolus without a name but only No. 99 has its keeping qualities and substance that no other possesses. Each \$1.00, Per Dozen \$10.00.

The above twelve New Gladiolus will please you more than any you have ever seen. Total value, one of each, \$17.75. We offer you all twelve, one each, for **ONLY \$12.00.**

## Dahlias

There is no flower lover more delighted than to see a wide range of Dahlias which in the past several years were improved that today a person can hardly realize of what beauties man and Nature have produced.

We grow over 400 varieties of Dahlias ourselves and produced many new ones that are already taking first rank on many of which we have received Certificates of Merit.

All of our Dahlias are grown by experienced help and only first class tubers we send out.

**DAHLIAS.** A pamphlet on how to grow them will be furnished free with an order.

## Ball-Shaped, or Show Dahlias

The old-fashioned double Dahlia. The improved varieties are very popular on account of their long stiff stems and lasting qualities as cut flowers. Also these kinds are very beautiful.

- A. D. LAVONI (Show).** Delicate pink, well formed with long stem, nearly the shape of a ball. Good keeper. **Each 35c.**
- CROWN OF GOLD (Show).....** Beautiful golden orange, spotted bronze, extra early, medium size. A very free bloomer. **Each 35c.**
- CUBAN GIANT (Show).** A very large ball-shaped flower of bright maroon red; Giant is the correct name. It is the largest in the show Dahlia family. **Each 50c.**
- DELIGHTED WHITE (Show).** Extra large, pure white, average blooms. Measures 7 to 8 inches across. Very good bloomer. **Each 50c.**
- MAUDE ADAMS (Show).** White, shading to lavender pink. Very good cut flower variety. A mass of blooms throughout the entire season. **Each 35c.**
- CRIMSON BEAUTY (Show).** Beautiful crimson on long, stiff stems. Very good for cut flowers. **Each 35c.**
- PURPLE LAVONI (Show).** Deep purple, ball shaped. Good cutter and shipper. Always a stand-by. **Each 35c.**
- SYLVIA (Show).** Ball shape; white with pink, turning into daybreak. Very good cutter and bloomer. **Each 35c.**
- STORM KING (Show).** Pure white, ball shape. Good stiff stem for cutting purpose. Has good keeping quality. **Each 35c.**

## Peony Flowered

These are large, fluffy and show that beautiful golden center so characteristic of the type. They are semi-double with long, wavy, and curling petals.

- MRS. CHAS. SEYBOLDT (Peony).** Ground color, crimson carmine, each petal tipped more or less, marked with white. Very delicate and free bloomer. **Each 35c.**  
**LUCERO (Peony).** Beautiful tan. One of the best colors in the Dahlia Family. Very good bloomer all season long. **Each 50c**

## Decorative Dahlias

This class is the pride of all growers. The plants are strong, sturdy, vigorous. They bloom in great profusion and the colors and forms are beautiful and varied. Our varieties have long, straight stems.

- MRS. CARL SALBACH (Dec.).** The best lavender ever produced. Has long, straight, stiff stems; always a prize-winner. **Each \$1.00.**  
**D. M. MOORE (Dec.).** Very large maroon red, free bloomer and good cutter. **Each 50c.**  
**BREAK O' DAY (Dec.).** The color is clear sulphur yellow, shaded to sulphur white at the tips. A mass of large flowers the entire season. **Each \$1.50**  
**DELECE (Dec.).** Bright, soft pink, a good florist's dahlia, with good stem and keeping qualities. Just the color for designs. **Each 50c.**  
**NABILIS (Dec.).** A splendid decoration variety, straight, stiff stem. The crimson base of petals melts into creamy white at outer edges. By growing this, your friends will visit you often. Everybody's choice. **Each \$3.00**  
**JACK ROSE (Dec.).** The best crimson for any garden. An old variety but always holds it own. Good cutter and shipper. **Each 35c.**  
**J. M. GOODRICH (Dec.).** Beautiful salmon pink, tipped with primrose. **Each \$1.00**  
**MINNIE BURGLE (Dec.).** Bright scarlet red, flowers are perfect decorative type; the blooms come on wiry stems, very free bloomer. Late in the fall it is a fire bush. **Each 50c.**  
**PRINCESS JULIAN (Dec.).** Pure white flowers, well formed and produced on long, stiff stems. Free and early bloomer; good for design work. **Each 50c.**  
**YELLOW BEAUTY (Dec.).** A solid canary yellow. Very free bloomer, about 3 feet tall. A real color for every garden. **Each 35c.**  
**OREGON BEAUTY (Dec.).** This is surely a beautiful and probably the most popular variety grown. Bright vermilion cardinal; rich glistening. So free flowering that at a short distance the plant seems to be hung full of Japanese lanterns. Extremely showy. **Each 50c.**  
**LYNDHURST (Dec.).** Deep red, very early bloomer. Comes long before any other dahlia. Blooms throughout the entire season. **Each 50c.**  
**MADONNA (Dec.).** Large, pure silvery white blossoms with long, wavy petals. Free flowering with long, erect stems. **Each \$1.00.**  
**MILLIONAIRE (Dec.).** Monster dahlia, lavender, shading to white in the center. One of the largest grown. Measures 8 to 10 inches across. **Each \$1.50.**

## Cactus Dahlias

These have long, narrow in-curved and sometimes twisted petals which give them a very interesting and graceful appearance. No collection can be considered acceptable without some of this class.

- COUNTESS OF LONSDALE (Cac).** One of the best for cutting. Rose amber flowers of beautiful form. Good stem and very free bloomer. **Each 50c.**  
**GOLDEN GATE (Cac).** A deep golden yellow, very large tinted bronze or russet. Very free bloomer. A little late in the season. About 4 feet tall. **Each 50c.**  
**PERLE DE LYONS (Cac).** Pure white with just a little tint of lavender. Petals cleft at tips; a good bloomer with fair stem. **Each 50c.**

# FREE—Gladiolus Bulb with Every Package of Seed

- DIANA (Hybrid Cac).** Beautiful shade of crimson and violet. Flowers are held up by long, stiff stems. Very early. Flowers measure 7 to 10 inches. **Each 50c.**
- GEO. WALTERS (Hybrid Cac).** Very large coral pink with golden center. Good growing habits. Flowers are produced on strong steps. A real Dahlia. **Each \$1.00.**
- RENE CAUEAUX (Cac).** Bright scarlet red. Very free bloomer on long, wiry stems. A mass of flowers in bloom at all times. **Each 50c.**
- FLORODORA (Cac).** Deep red. Very free bloomer. Good for hedge purposes. Dwarf growth. **Each 50c.**
- J. H. JACKSON (Cac).** The narrow incurved petals are rich velvety blacking maroon, on long wiry stems. **Each 50c.**
- KALIF (Hybrid Cac).** Deep scarlet with long pointed petals on long stem. A royal flower. **Each 75c.**
- LIBBELE (Cac).** One of the finest lavender purple in this family. Blooms are medium size. A very free bloomer. **Each 50c.**
- BIANCA (Hybrid Cac).** Exceptionally well formed flowers of lavender pink, shaded to white in the center. Free bloomer; large size blooms. **Each \$2.00.**
- ETENDARD DE LYONS (Hybrid Cac).** A brilliant royal purple flower of French origin. A richly colored variety that never fails to attract attention in the garden. **Each 75c.**
- MARGARET BOUCHEN (Cac).** Cheerful rose, shading much lighter to the white center. Straight petals are slightly quilled. Very good cut flower variety. **Each 50c.**
- F. W. FELLOWS (Cac).** Large bright orange flowers on long stiff stems. The choice of all who see them. **Each \$1.25.**

**6 Bulbs at 5 times the Price of Each  
12 Bulbs at 10 times the Price of Each**

## Rainbow Mixture

Comprises all types, forms and colors, and is made up of varieties of genuine merit. If you will be too busy to keep the record of the named kinds, then this mixture will give you fine satisfaction. Each 20c; 6 for \$1.00; Dozen \$1.50.

# FERTILIZERS

This question of Fertilizer is the greatest worry of the country. The time has come where we are compelled to use Commercial Fertilizer on a larger scale, and the sooner that we adopt it our great worry will diminish. Where there were millions upon millions of tons a few years ago, to-day the automobile only uses oil and grease but leaves us nothing to put in the soil.

But commercial fertilizers have taken this place which is more economical, cleaner, less trouble of handling and that becomes available the first season. By all means get started in using commercial fertilizers. You will be surprised what a fine garden and lawn you will have.

Gentlemen:

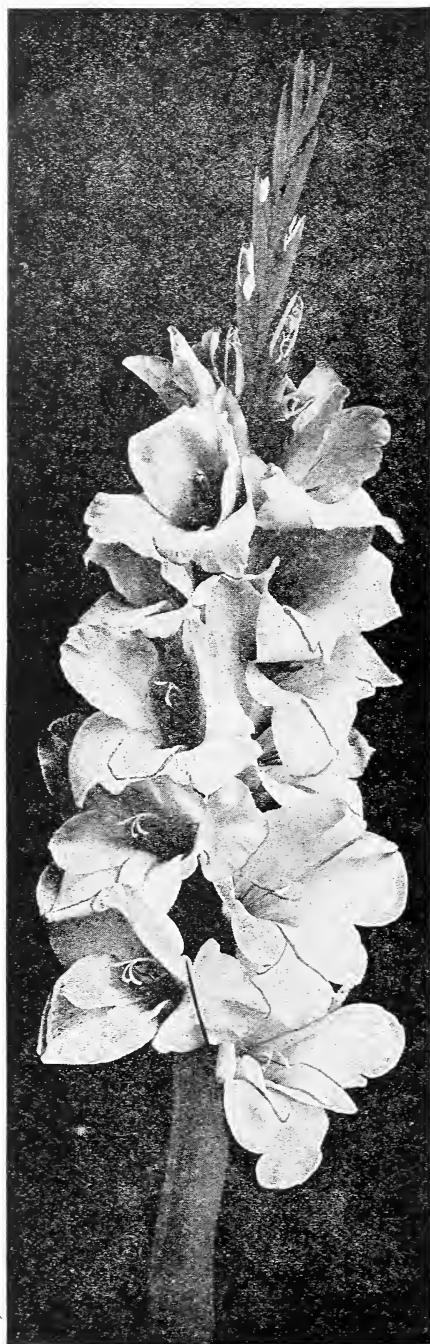

I am well pleased with the plants. They are the healthiest looking Aster plants I have ever seen and I hope they will give good results. I further want to state that where six were ordered invariably seven were packed. This is a very commendable way of doing business and I can highly recommend your firm to anyone who desires a square deal in your line of business.

Yours very truly,

RAL—BM

Following Page.

**FREE—Gladiolus Bulb with Every Package of Seed**

# Lawn Seed

There is nothing surrounding a home that is better than a fine lawn, no matter how attractive your surroundings may be but to have a poor lawn, or only a few bare spots it spoils the whole appearance of the best home.

**OUR OWN LAWN SEED** has made us a good reputation for all who have used our **SPECIAL J. K. R.** mixture got a good stand from the very beginning.

## AMOUNT REQUIRED

Use one pound of lawn seed to every 200 sq. ft. of space for new lawns. Old lawns use one pound to every 400 sq. ft. After which rake over well—the rougher the better. **J. K. R. Lawn Mixture** contains white clover. Per pound, 60c; 5 lb. lots, \$2.75; 10 lbs., \$5.50.

**SHADY LAWN MIXTURE.** This mixture is used where there is a great deal of shade from other houses or trees.

Pr Pound 50c; 5 lbs. \$2.35; 10 lbs. \$4.50.

**CHOICE MIXTURE.** This mixture is a very good one to use on old lawn. Use only one-half as much as you would for a new lawn. One pound to 400 sq. ft.

Price per pound 40c; 5 lbs. \$1.75; 10 lbs. \$3.25.

**MANITOWOC PARKS.** This mixture consists of all good grass mixtures including white clover, Kentucky blue grass, etc.

Price per pound 45c; 5 lbs. \$2.00; 10 lbs. \$3.75.

**WHITE CLOVER.** We have this separate and many parties wish for white clover heavier than is usually in any lawn mixture. The white clover stock is very short this season on account of weather conditions.

Price per pound 75c; 5 lbs. \$3.60; 10 lbs. \$7.00.

**A GOOD LAWN REQUIRES.** Don't neglect your lawn—it is the best asset any home has. Don't starve it in anyway; use at least some fertilizers once a year. The easiest and cleanest is the Commercial kind—We have it.

For every 1000 sq. ft. broadcast 25 lbs. Just before a good rain or wetten after you put it on. It is also advisable to make holes with a spade fork from one end to another about 5 to 6 inches deep, every square foot of space, just before applying. This will allow the Fertilizer to get at the roots where it is needed.

## FRIENDSHIP

We will appreciate it very much to send your friends our catalog whose addresses you can send at the time of mailing your order.—**THANK YOU.**

Dear Sir:

In the name of the Wisconsin State Florists' Ass'n, I wish to thank you for your exhibit of both the pink and white AstCrs, at our annual meeting held at Milwaukee September 12th.

I am transmitting herewith the resolution passed at that meeting, endorsing these asters as being a very meritorious flower. It was the sense of the resolution that these asters be endorsed by the association as having the largest flower and longest stems and in every way being superior to any aster thus far seen in the market. It is with pleasure indeed, that I am permitted to send this message.

With best wishes for the future success of this flower, I am

Yours very truly

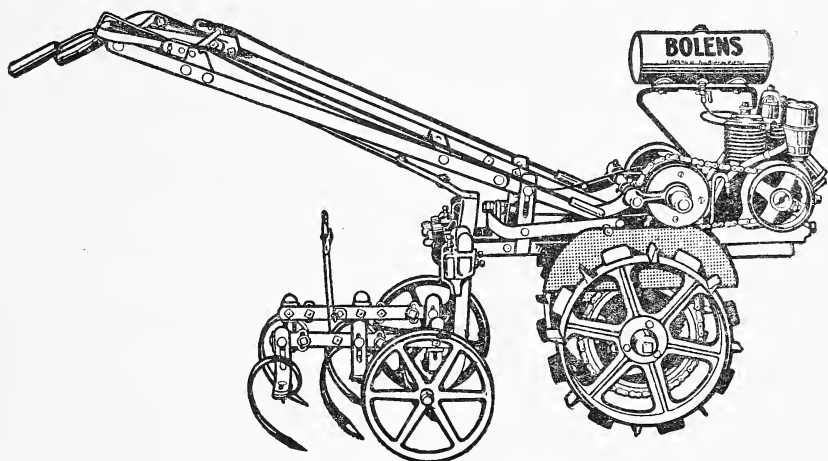

WISCONSIN STATE FLORISTS' ASS'N
